LOCAL PRODUCE MARKET.

"Business failures for the week ending

The local stock market yesterday was dull and featureless, the transactions being confined to \$10,000 in bonds and 50 shares of stock. The bonds were those of the Washington Railway and Electric Company, and the stock sales were 25 shares each of gas and railway preferred.

In these transactions prices were not materially changed, and the deadlock between holders of stock and would-be buyers at present prices continues.
